

Area of Interest: Culinary, Hospitality and Tourism

Event Management

Ontario College Graduate Certificate

Program Code: 0390X01FWO

1 Year

Ottawa Campus

Our Program

Turn your passion for planning into an exciting career.

The Event Management Ontario College Graduate Certificate program prepares you for many exciting roles in the fast-paced event planning industry. Gain the experience, knowledge and real-world practice needed to be successful in this high-demand field.

Learn the logistics of planning in-person, virtual and hybrid events, including risk management, project development and planning, accounting and financial skills, and marketing.

Gain critical event management skills, from acquiring sponsorships, to providing entertainment and creating programming, to people management and working in teams.

The highlight of the program is a real-world team-based fundraising event that provides you with an opportunity to make a difference in the community. You also benefit from 112 hours in an industry field placement, gaining more real-world experience and valuable industry contacts.

Graduates may find employment in:

- corporations or associations
- museums or attractions
- sports organizations
- wedding planning companies
- tourism organizations
- festivals or cultural organizations
- hotels or cruise lines
- government and non-profit organizations - locally, nationally or globally.

Positions include:

- event planner/coordinator/manager
- corporate event planner or event tourism planner
- wedding planners or consultants
- festival managers

You may also choose to pursue self-employment opportunities.

SUCCESS FACTORS

This program is well-suited for students who:

- Have a passion for planning, enjoy putting their plans into action and organizing events.

- Are able to meet tight and evolving deadlines, through the use of strong organizational and time management skills.
- Are able to manage and prioritize personal and professional responsibilities.
- Possess exceptional teamwork skills and the ability to motivate others
- Thrive in high-energy, challenging environments.
- Enjoy brainstorming and problem solving.
- Have strong computer skills.

Employment

Graduates may find employment as event planners, event coordinators, meeting and conference coordinators, trade show coordinators, corporate event planners, event tourism planners, entry-level event managers, wedding planners and consultants and festival managers. Graduates may also pursue self-employment opportunities.

Learning Outcomes

The graduate has reliably demonstrated the ability to:

- Create, plan, and design an event to meet organizational and/or client needs.
- Coordinate event site logistics, and staging, to achieve the event objectives.
- Plan, promote and produce marketing plans and communications for events that meet organizational and/or client objectives.
- Coordinate staff, contractors and volunteers to deliver the desired results of an event.
- Manage the financial aspects of an event to meet event objectives.
- Manage the business operations for administration, procurement, and oversight of event projects, to meet organization and/or client needs.
- Develop strategies to mitigate risk and liability to ensure the safety and security of participants during an event.
- Conduct oneself in an ethical and professional manner with clients, contractors and participants of events in order to create positive experiences and relationships.
- Formulate strategies that support intercultural awareness and inclusion to create events that meet the needs of diverse populations.
- Select industry standard technology platforms, systems, tools and applications to support the planning and operation of events.
- Develop and implement funding mechanisms to support event objectives such as sponsorship programs, fundraising initiatives, and/or grants.
- Engage in ongoing learning for professional and career growth.
- Identify and apply discipline-specific practices that contribute to the local and global community through social responsibility, economic commitment and environmental stewardship.

Course Descriptions

FAE1304 Logistics, Operations and Risk Management

Students acquire an understanding of event operations. Event tasks and operational functions are examined pertaining to the three phases of event organization: pre-event, during the event and post-event.

Prerequisite(s): none
Corerequisite(s):none

FAE1327 Event Projects II Practical

Students incorporate event management strategies and tactics into the planning of their event. Teams finalize and execute their fundraising events and present their results, evaluation and recommendations.

Prerequisite(s): FAE1347 and FAE1349
Corerequisite(s):none

FAE1334 Computer Applications for Events

Computer applications serve a fundamental role in the successful planning and execution of events. Students explore various digital tools and applications that support event management. Through guided demonstrations and hands-on application use, students gain insight into the digital tool types involved in the event planning process.

Prerequisite(s): none
Corerequisite(s):none

FAE1335 Field Work: Event Management

Field work provides students with the opportunity to apply the skills and knowledge learned in the classroom to events taking place in their community. Each student meets with the field placement teacher/coordinator to create an individualized plan to help them reach their goals. Industry event mentors work with students during their field placement experience and while planning their fundraising event.

Prerequisite(s): none
Corerequisite(s):none

FAE1337 Event Projects II Theory

Students are exposed to a variety of industry speakers. In discussion groups, students share field

work experiences. Leadership styles and techniques are introduced. Event management jobsites, interview techniques, portfolio and resume preparation are addressed. Individual and team strengths are explored and discussed. Students utilize conflict resolution and stress management techniques.

Prerequisite(s): FAE1347 and FAE1349

Corerequisite(s):none

FAE1339 Food and Beverage Managerial Cost Analysis

The role of food and beverage within event management is examined. Students become familiar with food service options, menu planning, contracts and cost factors. Event financial management is explained including financial terminology, financial statements, budget development and maintenance and onsite financial considerations during the event.

Prerequisite(s): none

Corerequisite(s):none

FAE1342 Event Management Strategies

Students acquire an understanding and skills related to the processes involved in the overall management of events. Critical path, goal development and program administration are explored. In addition, emphasis is placed on task diagnosis, timeframes, analysis of work problems, and alternative work designs for improving the organizational performance and effectiveness of events.

Prerequisite(s): none

Corerequisite(s):none

FAE1343 Human Resources and Volunteer Management

Students gain in-depth knowledge of common human resources techniques. Emphasis is on recruitment, supervision, training, evaluation and recognition. Elements of performance appraisals, labour relations, ethics, and health and safety are highlighted.

Prerequisite(s): none

Corerequisite(s):none

FAE1347 Event Projects I Practical

Event teams conceptualize, create goals and objectives and design programming elements for a fundraising event. Team policies and procedures are created and adhered to while members execute tasks from their detailed critical path. Teams are expected to create and utilize agendas, meeting minutes, budgets and event documents, such as contracts and sponsorship proposals. Students are exposed to industry representatives discussing field placement opportunities and experiences.

Prerequisite(s): none

Corerequisite(s):none

FAE1349 Event Projects I Theory

A wide range of field placement opportunities, such as the selection process, guidelines, forms and documents, tasks, duties and performance objectives are explored. Networking techniques, effective communication and interview skills expected by industry representatives are highlighted. Participation in team development and dynamics while creating, planning and executing a fundraising event takes place. Students participate in a strengths finder survey to determine their individual strengths.

Prerequisite(s): none

Corerequisite(s):none

FAE1351 Marketing and Revenue Concepts

Students focus on the development of integrated marketing plans for events. Economic stakeholders are identified and a variety of revenue generating techniques are presented. Students review grant applications and opportunities.

Prerequisite(s): none

Corerequisite(s):none

FAE1352 Media and Partnership Development

Students examine contributing elements to develop a media strategy to achieve event goals. Event partnerships and sponsorships are examined addressing the economic environment and industry trends. Students research and create a sponsorship opportunity for a local event and corporate match.

Prerequisite(s): FAE1351

Corerequisite(s):none

FAE1353 Event Programming and Entertainment I

Principles behind planning and implementation of event programming and entertainment are introduced. Key components include event design, theme development, concept research and creative programming for specialty audiences are covered. Students learn to source, select, and manage speakers and entertainers. Production schedules and event scripts are introduced.

Prerequisite(s): none

Corerequisite(s):none

FAE1354 Event Programming and Entertainment II

Students discover the variety of programming elements and themes available for corporate meetings and conferences, weddings and galas, tradeshow, festivals and parades, sporting events, concerts, and political events. Key components include creative programming incorporating theme and decor elements.

Prerequisite(s): FAE1353

Corerequisite(s):none
